

British Nature Guide

Match the birds to their names. Draw a line to join the picture to the name.

Gull

Goose

Cormorant

Kingfisher

Swan

Coot

Grebe

Heron

These birds all live near water. Below are two of the things that they like to eat. Fill in the missing letters to find out what they are. There is a clue next to each answer.

F_s_ (These swim under the water)

P_a_t_ (These grow near to the water)

We should not feed bread to ducks and geese as it can make them ill. Try sweetcorn, defrosted frozen peas, porridge oats and chopped up lettuce instead.
